CO-ORGANISED BY

The Asia-Europe Foundation (ASEF)

ASEF is an intergovernmental not-for-profit organisation located in Singapore. Founded in 1997, it is the only institution of the Asia-Europe Meeting (ASEM). ASEF promotes understanding, strengthens relationships and facilitates cooperation among the people, institutions and organisations of Asia and Europe. ASEF enhances dialogue, enables exchanges and encourages collaboration across the thematic areas of culture, education, governance, sustainable development, economy and public health.

The work of ASEF's Education Department (ASEFEdu) focuses on the themes *access to quality education* and *youth employment*, and, hence, contributes with its projects to the achievement of the UN 2030 Agenda and the 17 Sustainable Development Goals (SDGs), especially to Goal4: "ensuring inclusive and equitable quality education and promoting lifelong learning opportunities for all."

The National University of Political Studies and Public Administration (SNSPA)

The National University of Political Studies and Public Administration (SNSPA), established in 1991 as a school of governance, is a landmark in the Romanian academic setting. SNSPA promotes academic excellence in Political Sciences, Sociology, Administrative Studies, International Relations, Diplomacy, European Studies, Communication Sciences, Psychology, Management. SNSPA teachers are experts in their fields; they incorporate current and global perspectives into the curriculum and promote innovative and original thinking.

Currently, the university is home to more than 6,000 students enrolled across 9 departments. Thousands of graduates from their academic programs have successfully entered careers in academia, government, industry and nonprofits. SNSPA is a member of several international university alliances (European Association of Institutions in Higher Education, Romanian-U.S. Fulbright Commission, International Association of Universities, European University Association, European Association for Public Administration Accreditation) and collaborates with public institutions and business organizations across a wide range of different fields.

VISUAL CONCEPT

The United Nations General Assembly identified 17 Sustainable Development Goals (SDGs) that encompass many aspects of contemporary society. The goals serve as globally-recognised standards that call upon stakeholders across all sectors, including education, to implement them by 2030. Achieving the SDGs, however, is a complex interplay that requires both strategic thinking as well as creative and innovative methods. Solving a Rubik's cube - one of the most famous educational toys ever - resembles this multifaceted process: it takes not only analytical skills and imagination but also hands-on action in solving the puzzle to get all the colours, sides and patterns right within the given time. Like the pieces in a Rubik's cube, the SDGs are interconnected and any decision to move towards a certain direction has an impact on the overall pattern and outcome. The 7th ASEF Rector's Conference and Students' Forum (ARC7) is the platform for students, rectors, policy-makers and education ministers to showcase the interdisciplinary role of higher education in this serious game of developing and sustaining our societies. While the optimal solution may not be the easiest nor the quickest, we know we are moving the pieces in the right order by taking turns in drafting policy recommendations and making commitments towards the SDGs at ARC7.
